**Date:** 30-11-2024.

# **Air Pollution Month-2024**

Air Pollution Awareness Month is observed in **October-November** in many countries, though the exact recognition can vary depending on the region or organization. This month focuses on raising awareness about the causes, effects, and solutions to air pollution. In this connection, the NSS Cell & Transport Department of RYMEC College have jointly organized the Air Pollution Awareness program in association with the Regional Transportation Office (RTO) Ballari on 29<sup>th</sup> November 2024. **Sri. Srinivas Giri**, RTO officer, Ballari, given the awareness to our various department Staff and students of RYMEC.

#### **Key Themes of Air Pollution Awareness Month Program:**

- 1. **Health Impacts**: Educating people about the harmful effects of air pollution on human health, including respiratory diseases, cardiovascular conditions, and other illnesses.
- 2. **Environmental Effects**: Highlighting the damage air pollution causes to ecosystems, wildlife, and the climate.
- 3. **Preventive Measures**: Promoting strategies such as reducing vehicle emissions, conserving energy, and adopting renewable energy sources.
- 4. **Policy Advocacy**: Encouraging stronger environmental laws and regulations to combat air pollution.
