

ORIENTATION PROGRAM ON ACCESSING DIGITAL RESOURCES

Date: 19 Feb 2026

Venue: MCA Lab

Organized By

Department of MCA In association with RYMEC Library Ballari

Resource Person

Mr. M Vishwanath Reddy Librarian

Objectives of the Program

The main objectives of the orientation program were:

- To create awareness about available e-resources in the library.
- To demonstrate how to access e-journals, e-books, and digital databases.
- To guide students on remote access facilities.
- To promote effective usage of online academic resources for research and project work.

Introduction

The Department of MCA organized a Library Digital Resources Access Orientation Program to familiarize students with the digital resources available through the institution's central library. The session aimed to enhance students' research capabilities and encourage the use of scholarly databases for academic excellence.

Highlights of the Session

The resource person explained the following key points:

□ Available E-Resources:

- E-Books (Springer, CRC books, New Age International etc.)
- E-Journals (IEEE, Elsevier, Springer, etc.)
- DELNET
- NPTEL & SWAYAM
- National Digital Library (NDLI)
- VTU E-Learning

□ Access Procedure:

- Login using institutional credentials.
- Access through college website → Library Portal → E-Resources.
- Remote access via VPN / Remote login (if available).
- Search techniques using keywords, filters, DOI, etc.

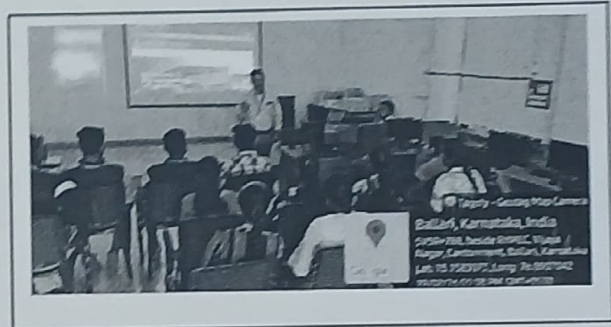

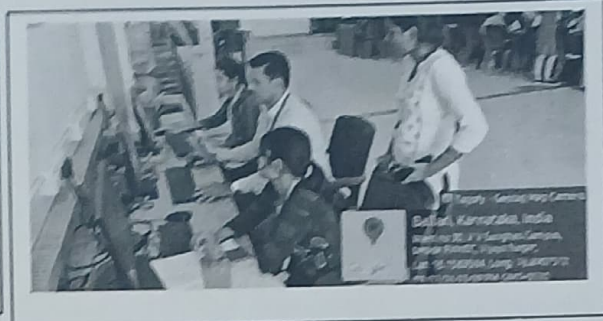

□ Demonstration:

- Live demo of accessing IEEE papers.
- Downloading e-books and research articles.
- Using advanced search options.
- Citation download formats (APA/MLA/IEEE).

Benefits to Students

Co-ordinator
Dept. of MCA
RYMEC Campus
Ballari - 583104

- Improved research skills.
- Easy access to international journals.
- Support for project work and seminars.
- Awareness of plagiarism checking tools.
- Time-saving digital access from anywhere.

Student Participation

Students from MCA department actively participated in the session. Students clarified their doubts regarding login issues, article downloads, and remote access.

Outcome of the Program

The orientation program was highly informative and beneficial. Students gained practical knowledge about accessing and utilizing various digital academic resources. The session encouraged independent learning and research-based study.

Conclusion

The Orientation Program on Accessing Digital Resources successfully enhanced students' awareness and understanding of digital library services. The department extends sincere thanks to the librarian and organizing team for conducting this informative session.
