

Report on Invited Talk

Title: Future Skills and Opportunities in the Global Markets – The AI Era

Date: 13 July 2026

The Department of Master of Computer Applications (MCA), Rao Bahadur Y. Mahabaleswarappa Engineering College (RYMEC), Ballari, organized an **Invited Talk on "Future Skills and Opportunities in the Global Markets – The AI Era"** on **13 July 2026**. The objective of the program was to provide students with insights into emerging technologies, future career opportunities, and the skills required to succeed in the rapidly evolving global job market driven by Artificial Intelligence.

The invited talk was delivered by **Prof. G. P. Dinesh**, Department of Business Studies, **Vijayanagar Sri Krishnadevaraya University (VSKU), Ballari**. The session was coordinated by **Prof. A. T. Satyanarayana Reddy, Prof. K. B. Shivananda, and Asst. Prof. T. Heera Singh**.

The program commenced with a warm welcome to the resource person, faculty members, and students, followed by the introduction of the distinguished speaker. Prof. G. P. Dinesh delivered an insightful lecture on the transformative role of Artificial Intelligence in shaping industries, businesses, and the global economy. He explained how AI technologies are revolutionizing sectors such as healthcare, finance, manufacturing, education, agriculture, logistics, and information technology by improving efficiency, innovation, and decision-making.

The speaker emphasized the importance of acquiring future-ready technical skills, including Artificial Intelligence, Machine Learning, Data Science, Cloud Computing, Cybersecurity, Internet of Things (IoT), Full-Stack Development, and Prompt Engineering. He also highlighted the need for strong soft skills such as communication, analytical thinking, creativity, adaptability, teamwork, leadership, and ethical decision-making to thrive in the competitive global workforce.

Prof. Dinesh encouraged students to embrace continuous learning through professional certifications, internships, online courses, research projects, hackathons, and industry collaborations. He stressed the significance of building professional portfolios, participating in innovation-driven activities, and developing entrepreneurial skills to meet the demands of the AI-enabled global market.

An interactive question-and-answer session followed the lecture, during which students actively participated and sought guidance on career opportunities, higher education, entrepreneurship, and emerging trends in Artificial Intelligence. The resource person addressed the queries with practical examples and valuable career advice, motivating students to become lifelong learners and future-ready professionals.

The invited talk was highly informative and inspiring. It enhanced the students' understanding of Artificial Intelligence, global employment trends, and the competencies required for success in the digital era. The session

motivated students to continuously upgrade their knowledge and skills to remain competitive in the rapidly changing technological landscape.

The program concluded with a vote of thanks, expressing sincere gratitude to **Prof. G. P. Dinesh** for sharing his expertise, as well as to the Principal, the Management, the faculty coordinators, and all the participants for their support and active involvement in making the event a grand success.

Program Coordinators

- **Prof. A. T. Satyanarayana Reddy**
- **Prof. K. B. Shivananda**
- **Asst. Prof. T. Heera Singh**

Outcomes of the Invited Talk

1. Enhanced students' awareness of Artificial Intelligence and its impact on global markets.
2. Developed an understanding of future skills required for careers in the AI-driven economy.
3. Created awareness of emerging employment opportunities in national and international markets.
4. Motivated students to pursue certifications, internships, research, innovation, and entrepreneurship.
5. Encouraged lifelong learning, adaptability, and ethical use of AI technologies.
6. Inspired students to prepare themselves for successful careers in the evolving global digital ecosystem.
