Tech Fest "ASTRANEX-2026-27"

Department of CSE (Cyber Security)

Rao Bahadur Y. Mahabaleswarappa Engineering College (RYMEC), Ballari

Event Description

ASTRATECH – TECHNICA FEST is a technical festival organized by the Department of Computer Science and Engineering (Cyber Security) to encourage students to explore emerging technologies, enhance their technical knowledge, and showcase their innovative ideas and technical skills.

The fest provides an opportunity for students to demonstrate their creativity, technical expertise, problem-solving abilities, teamwork, and competitive spirit through various technical and non-technical activities. It aims to bridge the gap between theoretical knowledge and practical applications by engaging students in technology-oriented challenges and collaborative learning experiences.

The event serves as a platform for students to explore various domains of computer science, particularly Cyber Security, Artificial Intelligence, Programming, Web Technologies, and other emerging areas of information technology.

Objectives of the Fest

1. To promote technical knowledge and innovation among students.
2. To encourage students to develop practical problem-solving skills.
3. To create awareness about emerging technologies and cyber security.
4. To provide a platform for showcasing technical talents and creativity.
5. To develop leadership, teamwork, communication, and organizational skills.
6. To encourage healthy competition and collaborative learning among students.

Major Activities

The technical fest may include activities such as:

- Technical Quiz
- Coding and Programming Challenges
- Cyber Security Awareness Challenges
- Technical Paper or Project Presentations
- Web Designing Competitions
- Debugging Challenges
- Technical Gaming and Innovative Activities

Learning Outcomes

Through participation in ASTRATECH – TECHNICA FEST, students gain exposure to practical technical challenges, improve their analytical and logical thinking, develop confidence, and enhance their ability to work in teams. The fest also motivates students to explore new technologies and apply their classroom knowledge to real-world problems.

Conclusion

ASTRATECH – TECHNICA FEST serves as an important platform for fostering technical excellence, creativity, innovation, and professional development among students. The Department of CSE (Cyber Security), RYMEC, aims to organize such activities to nurture technically competent, innovative, and industry-ready graduates.
